

Matita Round 160

SKETCHING SOFT LINES

Matita is a Bollard in extruded and die-cast aluminium, with a minimal line and characterized by the absence of a cylindrical diffuser, which is instead fixed under the head with silicone glue to guarantee IP tightness.

Available in three heights: h.160mm; h.500mm; h.800mm, led colours 2700K or 3000K and powered at low voltage or with integrated power supply.

The cleaning of the lines and the possibility of reducing the luminance with the use of the black instead of the white conical reflector, make Matita a bollard with multiple uses.

Matita è un bollard in alluminio estruso e pressofuso finito con trattamento di cataforesi e strato di vernice di polvere di poliestere resistente agli ambienti esterni.

Dalla linea minimale, è caratterizzato dall'assenza di un diffusore cilindrico, che è invece fissato sotto la testa con collante siliconico a garanzia della tenuta IP.

Equipaggiato con scheda Mid-power Led 2700K o 3000K e disponibile in tre altezze: h.160mm; h.500mm; h.800mm.

È alimentato a bassa tensione o con alimentatore integrato.

La pulizia delle linee e la possibilità di ridurre la luminanza (possibilità di scegliere la versione con riflettore conico nero) rendono matita un bollard dai molteplici utilizzi.
